Office of Petitions  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicant appreciates that the Office of Petitions in its May 28, 2002 Decision grant applicant's petition for a corrected filing receipt with the correct filing date of August 23, 2001. However, the Office of Petitions determines that the subject application should be treated "as an application filed without all of the drawing figures referred to in the specification." Based on the following facts, applicant respectfully submits that all the drawings were timely filed with and received by the USPTO and requests that the Office of Petitions reconsider applicant's initial petition.

On August 23, 2001, applicant filed the subject application with the USPTO by the Express Mail Service of the United States Postal Office (Express Mail No. EL 667 728 579 US). A postcard receipt listing all papers filed in relation to the subject

application was mailed together with the application. As is shown on the enclosed copy of the postcard receipt, the application as filed contains three sheets of drawings.

The above filing was timely and properly received by the USPTO on August 23, 2001 as shown by the USPTO receipt stamp on the returned postcard receipt. Therefore, all three sheets of the drawings are a part of the application as filed. Accordingly, the subject application including the three sheets drawings is entitled to the filing date of August 23, 2001. Applicant respectfully requests that the Office of Petitions issue a supplemental decision or other office action to that effect.

No fee is believed to be due for this Request. Should any fee be required, the Commissioner is hereby authorized to charge such a fee to Deposit Account 50-2215.

Dated: July 11, 2003

Respectfully submitted,

By
